It is indeed a matter of great pleasure and gratification that International Benevolent Research Foundation (IBRF), Kolkata is going to inaugurate and commence a 6 months Certificate Course on "Research Methodology and System Analysis" for Master's Degree Holders from different academics to enrich themselves by acquiring expert knowledge for pursuing research aimed for getting registered for the M.Phil / Ph.D and other research based programmes besides getting priority and preference during appointment for different academic and R & D positions.

I sincerely and genuinely wish immense success of this course and believe that IBRF will come up with some innovative changes in the field and related areas of Research and Development.

I really appreciate this initiative and wish them success all over again.

Professor B.A Chopade
Vice-Chancellor
