**MESSAGE**

It is a matter of great pleasure to learn that International Benevolent Research Foundation (IBRF), Kolkata is going to launch a six months Certificate Course on "Research Methodology and System Analysis" for Master's Degree holders for different disciplines in acquiring expert knowledge for pursuing research with a view to get registered for the M.Phil/Ph.D. and other research based programmes besides getting priority and preference during appointment for different academic and R& D positions.

I wish grand success of this course and strongly believe that IBRF will make remarkable changes in the areas of Research and Development.

(Prafulla Kumar Mishra)
